

Check Clearing Policies

Your Ability to Withdraw Funds

This policy statement applies to all transaction accounts. A transaction account is an account that generally includes those from which the account holder is permitted to make transfers or withdrawals by negotiable instruments, payment order of withdrawal, telephone transfer, electronic payment, or other form of transfer. An "Account" does NOT include a savings account.

Our policy is to delay the availability of funds from your cash and check deposits. During the delay, you may not withdraw the funds in cash, and we will not use the funds to pay checks that you have written. Please remember that even after we have made funds available to you, and you have withdrawn the funds, you are still responsible for checks you deposit that are returned to us unpaid and for any other problems involving your deposit.

Determining the Availability of a Deposit

The length of the delay is counted in business days from the day of your deposit. Every day is a business day except Saturdays, Sundays, and Federal holidays. If you make a deposit before 5:00 p.m. on a business day that we are open, we will consider that day to be the day of your deposit. However, if you make a deposit after 5:00 p.m. or on a day we are not open, we will consider that the deposit was made on the next business day we are open. The length of the delay varies depending on the type of deposit and is explained below.

Same-Day Availability

- Electronic direct deposits to your account and the first \$225 of most other items will be available the business day of the deposit.

Next-Day Availability

The amount over the first \$225 from the following deposits are available on the first business day after the day of your deposit:

- U.S. Treasury checks payable to you
- Wire transfers
- Checks drawn on Point Breeze Credit Union
- Cash
- State & local government checks payable to you
- Cashier's, certified, and teller's checks payable to you
- Federal Reserve Bank checks, Federal Home Loan Bank checks and postal money orders, if these items are payable to you

Second Day Availability

The first \$225 from a deposit of other checks not identified above will be available on the day of your deposit. The remaining funds will be available on the second business day after the day of your deposit.

For example, if you deposit a check(s) of \$700 on Monday, \$225 of the deposit is available on Monday. The remaining \$475 is available on Wednesday.

If we cash a check for you that is drawn on another bank, we may withhold the availability of a corresponding amount of funds that are already in your account. Those funds will be available at the time funds from the check we cashed would have been available if you had deposited it.

If we accept for deposit a check that is drawn on another bank, we may make funds from the deposit available for withdrawal immediately but delay your availability to withdraw a corresponding amount of funds that you have on deposit in another account with us. The funds in the other account would then not be available for withdrawal until the time periods that are described elsewhere in this disclosure for the type of check that you deposited.

Longer Delays May Apply

We will notify you if we delay your ability to withdraw funds for any of these reasons below, and we will tell you when the funds will be available. Funds will

generally be available no later than the fifth business day after the day of your deposit.

Funds you deposit by check may be delayed for a longer period under the following circumstances:

- We believe a check you deposit will not be paid
- You deposit checks totaling more than \$5,525 on any one day
- You redeposit a check that has been returned unpaid
- You have overdrawn your account repeatedly in the last six months
- There is an emergency, such as failure of computer or communications equipment

Special Rules for New Accounts

If you are a new member, the following special rules will apply during the first 30 days your account is open.

Funds from electronic direct deposits to your account will be available on the day we receive the deposit. Funds from deposits of cash, wire transfers, and the first \$5,525 of a day's total deposits of cashier's, certified, teller's, traveler's, and federal, state and local government checks will be available on the first business day after the day of your deposit, if the deposit meets certain conditions. For example, the checks must be payable to you (and you may have to use a special deposit slip). The excess over \$5,525 will be available on the ninth business day after the day of your deposit. If your deposit of these checks (other than a U.S. Treasury check) is not made in person to one of our employees, the first \$5,525 will not be available until the second business day after the day of your deposit.

Funds from all other check deposits will be available on the ninth business day after the day of your deposit.
