

Direct Deposit Request

Dear Member,

Congratulations on choosing to add Direct Deposit to your Point Breeze Credit Union account(s). **We encourage you to contact your employer’s payroll department for specific instructions on how to set up your Direct Deposit in their payroll system.** The form below is provided for your convenience and is intended to supplement, not replace any paperwork that may be required by your employer.

Early Deposit™

Many companies and government agencies send payroll and other payments electronically, often before your actual payday. With Point Breeze Credit Union’s Early Deposit™ service, you can get paid up to two days before everyone else. That’s right! If you have direct deposit with us and we receive your pay early, we’ll make it available to you. Early Deposit offers immediate credit of your direct deposit to your account up to two days early. *If you have a Point Breeze Credit Union checking account with direct deposit, you’re automatically enrolled in Early Deposit.*

Please cut along the line and attach the form below to your employer’s payroll deposit form.
